

## Rinse Away

# #116

### Shampoo and Hand

---

A concentrated liquid skin cleaner and conditioner.

Economical because it is concentrated. May be diluted with up to seven parts water. Developed for use in print shops to remove grease, oil and ink without leaving hands raw and chapped. Quickly cleans and conditions hands. Emulsifies dirt, grit and carbon with its penetrating action. Because it is so gentle, it may be used as an all over body shampoo.

Rub into dirty colors before laundering shirts, use as a laundry pre-spotter for oily stains. Apply to paint brushes to help clean latex paint.
