

## Enz-It

# #121

### Enzymatic Prespotter

---

A thin white liquid with a pleasant floral odor for aiding in the removal of organic stains.

A dynamic two fold product. An enzyme producing spotter for organic based stains and an odor neutralizer that attacks odors at their source. A triple combination of enzymes are activated when they come into contact with a substance to breakdown. Readily attacks starches, fats, and proteins. Contains a powerful deodorant that is specific for the neutralization of vomit, feces, urine, etc.

Used by professional people for the removal of stains and odors.

### Applications

---

- Urinals
- Carpeting
- Laundry Stains
- Upholstery

### Areas of Use

---

- Hospitals
- Restaurants
- Nursing Homes
- Schools
- Hotels/Motels
