

Sparkle Brite

#125

Ultrasonic Detergent

A low-foaming detergent especially formulated for use in washer-sterilizers, automatic sanitizers, laboratory glass washers, and other mechanical washing equipment, including ultrasonic devices.

Its superior wetting and detergency allows for rapid removal of all types of laboratory and food soils. Mixes instantly and softens hard water to provide immediate cleaning action. No interference with tissue cultures or lab tests. It has a superior built-in rinse aid that eliminates spotting and residual filming. It also prevents soil buildup and reduces scale formation within the washing apparatus.

Applications

- Cart Washers
- Glass Washers
- Ultrasonic Devices
- Sterilizers

Areas of Use

- Hospitals
- Schools
- Institutions
- Veterinary Clinics
- Laboratories
- Health Clinics
- Doctor Offices
- Dentists
