

## Brown-Away

# #139

### Wick Reversal/Neutralizer

A low viscosity product designed to reverse wicking action on carpeting, and to neutralize hard surface flooring after stripping with an alkaline solution.

Wicking may occur on certain types of carpeting when an over-wetting of the jute backing occurs. This produces a brown cast to the carpet. Use of this product will reverse this condition of the carpet to its normal coloring. Highly concentrated so it is economical to use. Normally one application is all that is needed.

May also be used to neutralize hard surface floors that have been diluted with an alkaline stripper.

### Applications

- Carpeting
- Hard Surfaces
- Flooring

### Areas of Use

- Offices
- Showrooms
- Restaurants
- Theaters
- Nursing Homes
- Hotels/Motels
- Schools

### Physical Properties

Form.....	Liquid
Odor.....	Wintergreen
Color.....	Green
Clarity.....	Clear
Sediment.....	None
Stability.....	1 Year Min.
Cold Stability.....	Keep From Freezing
Boiling Point.....	212F
Solids.....	N/A
pH.....	1.4
Specific Gravity.....	1.06
Pounds/Gallon.....	8.84
Foaming.....	Moderate
Phosphates.....	None
Flash Point.....	N/A

### Packaging & Freight

55 Gallons.....	511#
35 Gallons.....	326#
20 Gallons.....	186#
5 Gallons.....	46#
4/1 Gallons.....	37#
