

## In The Pink

# #202

### Toilet and Shower Cleaner

A thick clinging phosphoric acid based detergent for cleaning lime deposits and soap film from hard surfaces.

Does not contain any hydrochloric or sulfuric acid. Made of a blend of organic acids that quickly dissolves lime and scale build up.

Because it clings, cleaning vertical surfaces is no longer a problem. Rinses easily and leaves the area with a fresh clean odor.

### Applications

- Toilet Bowls
- Sinks
- Tubs
- Tile
- Shower Stalls
- Kitchens
- Bathrooms
- Stainless Steel

### Areas of Use

- Schools
- Offices
- Factories
- Nursing Homes
- Hotels/Motels
