### Rust & Scale Remover

---

A liquid detergent for the removal of rust, scale, and corrosion from hard surfaces.

An excellent replacement for muriatic acid. Inhibited for use on and around metals. Designed for the heavy duty jobs. Non-fuming! Quickly dissolves lime, hard water, and soap scale; removes oxidation and rust from metal surfaces. Perfect for etching concrete prior to coating.

Used by water treatment plants to remove built up deposits. Schools and factories, to remove scale and lime build up from boilers, cooling towers, water meters, valves, injector tubes, and diffuser tubes. Construction companies to remove concrete from metal equipment, forms, brick work, concrete block, and ceramic tile.
