

Lemon Shine

#704

Spray Wax Polish & Rinse Aid

A spray wax polish for use with liquid dispensing systems.

A proven protective finish that bonds to today's automotive finishes. Helps protect against rust, salts and other corrosive elements. Concentrated, but stable under freezing conditions. Totally water soluble and leaves a uniform, glossy, protective film on the automotive finish.

Using only the finest raw materials available. Even the water has been chemically purified to remove any elements and ions that may leave a film on a vehicle surface. Excellent for use in self service washes, tunnel or conveyor system and other automatic wash system.

Areas of Use

- Self Service Washes
- Tunnel Wash Systems
- Conveyor Systems

Applications

Protects Against:

- Rust
- Salts
- Other Corrosive Elements
