

# Technical Bulletin

## Salt B' Gone

## #DP136

### Rinsing Compound

A rinsing compound developed specifically to cut through the dulling white, chalky residue left by ice melting chemical and alkaline cleaners. Alkaline residue is chemically dissolved without harming fibers or finished surfaces or painted surfaces.

### Physical Properties

Form.....Liquid  
Odor.....Mint  
Color.....Light Green  
Solubility.....Complete  
pH.....1.0, use dilution 1.5  
Specific Gravity.....1.065  
Flammability.....Non-Flammable  
Biodegradability.....Biodegradable  
USDA Rating.....C2 Rated

### Applications

Snow and ice melt products

### Packaging & Freight

55 Gallon to 1 Quart

### Areas of Use

Offices, Factories, Nursing Homes, Schools, Hospitals
