Clear Guard

Easy-to-Use Coating

Clear Guard is an easy-to-use/easy-to-remove sacrificial coating that will protect nearly any substrate from dirt, paint, or other debris. *Clear Guard* is formulated for industrial equipment involved in extremely messy jobs. Once the job is finished, the coating and any unwanted debris may be washed away with hot water, leaving the equipment underneath as clean as it was before the job.

Clear Guard may be spray or dip-applied. It protects surfaces from dirt, paint, or other debris. The product contains a powerful flash rust corrosion inhibitor.

Applications

Prevention of debris on equipment, machines, etc.

Areas of Use

Municipalities, Agricultural, Industrial, Dairy, etc.
