## Insect Away Gel

# #403489

### Aeromotherapy Gel

Presenting an All Natural Insecticide that is Healthy to Breath and Freshens the Air:

- o Contains All Natural, Food Grade Ingredients
- o World-Wise Certified
- o Bio-based from Renewable Resources
- o Asthmagen-free per AOEC Definition
- o Kills Bugs on Contact
- o Safe to Humans
- o VOC-free
- o Non-staining Formula

While many insecticides may create allergic or breathing issues for people in areas of application, INSECT AWAY GEL is specifically formulated to work to improve the air with proven benefits of peppermint oil. The active in this formula, peppermint oil, has long been used to provide relief of respiratory problems and the fragrance is refreshing.

### Applications

Control of: Ants, Beetles, Centipedes, Cockroaches, Crickets, Earwigs, Fleas, Flies, Silver Fish, Spiders, Termites, Ticks and more.

### Health Benefits

Peppermint oil is a health aid when inhaled – Helps in clearing the respiratory tract; works as an effective expectorant and therefore provides instantaneous, though temporary, relief in numerous respiratory problems including nasal congestion, sinusitis, asthma, bronchitis, cold and cough. When used in your facility, you can kill insects on contact and the vapors from the Peppermint Oil will provide healthier air, particularly when compared to using other types of insecticides.
