

CS 101

ROACH AND ANT SPRAY

DESCRIPTION

CS 101 is an EPA registered residual crack and crevice spray. This solvent-based insecticide is formulated with ETOC for the fastest knockdown possible. VS 102 kills a broad spectrum of insects on contact. Also contains esfenvalerate for residual treatment up to 7 weeks. Provides total control of crawling insects. Pleasant cherry fragrance.

APPLICATIONS

For use by pest control applicators and janitorial maintenance workers to control ants, roaches, carpet beetles, silverfish, mosquitos, crickets, spiders, waterbugs, scorpions, sowbugs, fleas and ticks in and around homes, hotels/motels, warehouses, schools, office buildings, industrial plants, restaurants, and retail outlets.

FEATURES & BENEFITS

- Fast knockdown—contains ETOC to kill bugs instantly
- Keeps working—contains esfenvalerate for up to 7 weeks of residual killing action
- Pleasant cherry fragrance

SPECIFICATIONS

FORM: Solvent Based Aerosol
ODOR: Cherry
COLOR: Clear
DETERGENCY: None
TOXICITY: 400 ppm OSHA TLV
WETTING ABILITY: Saturates
STORAGE STABILITY: 1 Year +
COLD STABILITY: 0°F
PHOSPHATES: None

FLASH POINT: >185°F TCC
FLAME EXTENSION: <18”
SOLUBILITY IN WATER: 0%
SPECIFIC GRAVITY: 0.81
% VOLATILE BY VOLUME: 100%
EVAPORATION RATE: >1
PROPELLANT: Carbon Dioxide
pH: None
BIODEGRADABILITY: No

ACTIVE INGREDIENTS:
 (RS)-2-Methyl-4-oxo-3-(2-propynyl) cyclopent-2-enyl
 (1RS)-cis, trans, chrysanthemate 0.03%
 Esfenvalerate 0.05%
 N-Octyl bicycloheptene dicarboximide* 0.25%
OTHER INGREDIENTS **: 99.67%
TOTAL: 100.00%
 * MGK 264, Insecticide Synergist
 ** Contains Petroleum distillate

LABEL INFORMATION

CS 101
 ROACH AND ANT SPRAY
 PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
 Harmful if absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing vapors or spray mist. Causes eye irritation. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling. Remove pets, birds, and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.

FIRST AID

<p>If Inhaled:</p> <ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
<p>If on skin or clothing:</p> <ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<p>If in eyes:</p> <ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
<p>If swallowed:</p> <ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Do not give ANY liquid to the person. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment.</p>

PHYSICAL OR CHEMICAL HAZARDS
 FLAMMABLE. Keep away from heat, sparks, and open flame. Do not use under or around gas stoves, water heaters, or other gas utilities (including home heating units) with open flames or pilot lights. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

ENVIRONMENTAL HAZARDS
 This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to any body of water.

DIRECTIONS FOR USE
 It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
SHAKE WELL BEFORE USE
General: Use this spray as a spot or crack and crevice treatment to control cockroaches, fleas, silverfish, ticks, waterbugs, and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet. Do not use in food/feed areas of food/feed establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.
 In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment.
 Non-food/feed areas of food/feed areas are areas such as garbage rooms, garbage cans and dumpsters, lavatories, floor drains (to sewers, entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling). Avoid contamination of food and feedstuffs.
FOR SPOT TREATMENT: To kill ants, black widow spiders, carpet beetles, cockroaches, crickets, scorpions, silverfish, sowbugs and spiders: Spray areas where these insects are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets; and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, spray ant trails and around doors

and windows, and wherever else these pests may find entrance.

To kill brown dog ticks and fleas: Thoroughly spray as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.** Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

FOR CRACK AND CREVICE TREATMENT: To kill ants, black widow spiders, brown dog ticks, carpet beetles, cockroaches, crickets, fleas, scorpions, silverfish, sowbugs and spiders: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

Flies and mosquitoes: Use only outdoors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as

other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios, and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed. **DISPOSAL:** Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

CONTAINS (CAS#): Isoparaffinic Hydrocarbon (64742-47-8), Carbon Dioxide (124-38-9), Fragrance Oil (N/A).

HMIS RATINGS: Health-1, Flammability-2, Reactivity-1, Personal-A.

PACKAGING INFORMATION

12 – 20 oz cans per case, 15 oz net weight
