

COBRA

EVAPORATOR / CONDENSER COIL & FIN CLEANER

DESCRIPTION

COBRA is formulated to penetrate air-conditioner coils and fins to remove all types of soils. Upon contact with the surface of the coil, Cobra begins to react and flush soil to the surface. It is not necessary to rinse if applied in place to a functional unit that produces moisture. The moisture produced will rinse product from contacted surfaces. Rinsing is required on units that have been removed for repair or do not produce moisture during operation.

APPLICATIONS

An excellent product for air conditioners, central cooling systems, and auto air conditioners. For use in hotels/motels, homes, office buildings, air conditioner services, and auto repair services.

FEATURES & BENEFITS

- Removes grease, oil, and water deposits
- Self rinsing
- Fast acting

SPECIFICATIONS

FORM: Water Based Aerosol Foam
ODOR: Caustic
COLOR: White
DETERGENCY: Excellent
TOXICITY: 200 ppm OSHA TLV
WETTING ABILITY: Saturates
STORAGE STABILITY: 1 Year
COLD STABILITY: 32°F
PHOSPHATES: None

FLASH POINT: None
FLAME EXTENSION: None
SOLUBILITY IN WATER: 100%
SPECIFIC GRAVITY: 1.05
% VOLATILE BY VOLUME: 95%+
pH: 13.00
PROPELLANT: Hydrocarbon
EVAPORATION RATE: Slow
BIODEGRADABILITY: No

LABEL INFORMATION

COBRA EVAPORATOR/CONDENSER COIL & FIN CLEANER

This product is formulated to penetrate air-conditioner evaporator/condenser coils and fins to remove all types of soils. The stream spray allows product to be dispersed deep into the fins of the coil. Upon contact with the surface of the coil, this product begins to react and flush soil to the surface. Does not need to be rinsed if applied in place to a functioning unit that produces moisture. The moisture produced will rinse product from contacted surfaces. It is necessary to rinse units that have been removed for repairs or do not produce moisture during operation.

DIRECTIONS

Hold container 6-8 inches from surface to be cleaned. Direct spray between fins allowing product to penetrate inner surfaces. Allow to stand 5 to 15 minutes, longer if excessive soil is present, until foam reaction has ceased.

CAUTION: Contains sodium hydroxide. Avoid contact with skin, eyes, mucous membranes or clothing. Wear plastic or rubber gloves. May be fatal if swallowed. Avoid breathing vapors. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 120°F may cause bursting.

CONTAINS (CAS#): Water (7732-18-5), Sodium Hydroxide (1310-73-2), Potassium Hydroxide (1310-58-3), Propane/n-Butane (68476-86-8).
